ANNOUNCEMENT

OIE TWINNING PROJECT’S INTERNSHIP GRANT

The World Organisation for Animal Health (OIE) is supporting a Veterinary Education Twinning Project between the University of Queensland (UQ) and Nong Lam University (NLU). One of the key areas of the project is student exchange. Therefore, the project will fully support (airfare, transfers, food and accommodation) for 4 students from Nong Lam University, Faculty of Animal Science and Veterinary Medicine, Undergraduate Advanced Program in Veterinary Medicine to visit UQ for 4 weeks. The students from class DH11TT and DH12TT will be selected to go in the expected time of August 2016. The students from class DH13TT and DH14TT will be selected to go in the expected time of Feb 2017. The following criteria will be used in the selection procedure:

1. Based on the GPA, the top 3 students will have a chance to be selected. The first student will gain 70 points, second will gain 65 and the third will have 60, providing that the difference in the GPA is not over 0.5 (out of a grade of 10).
2. The students who have IELTS from 6.5 or higher (or equivalent international certificate of English such as TOEFL) will gain 20 points. The students who have IELTS 6.0 will gain 15 points.
3. Social activity will be also taken into account (maximum 10 points) and based on the vote of the class as well as the advisor for the persons who are active in doing research, youth union, voluntary activities etc.
4. The OIE project team will assist the Faculty Dean in the oral interview of the candidates (if needed).
5. The chosen students will be responsible for the visa application procedure of the trip.

Dean of Animal Science and Veterinary Medicine Faculty

Assoc. Prof. Dr. Nguyen Tat Toan
